

OBJECTIVES

Inculcate among students and all stakeholders a culture of excellence by communicating the school vision and mission across all sectors of the college;

Impart knowledge through effective instruction delivered by a core of qualified and competent faculty;

Offer relevant degree and non-degree programs that are responsive to the current needs;

Instill social awareness among all stakeholders through relevant and worthwhile community extension programs;

Nurture talents and skills of students through various social, cultural, and co-curricular activities;

Assist students through provision of support services that will address varied needs and concerns;

Tap and mold future leaders through active student involvement;

Adapt to the changes in the society through continuing professional education of the teaching and non-teaching force;

Contribute to the development of new knowledge through researches;

Strengthen skills and capabilities of students through relevant exposure and establishment of linkages;

Inculcate virtues of goodwill, integrity, nationalism, and pride in our heritage as a people.
